OUR REDESIGN

The Adar you know and trust has been outfitting medical professionals with quality scrubs and modern styles for more than 45 years. Our dedication to a high level of performance and reliability will never change - even as our brand evolves.

A RE-ENERGIZED FOCUS

Adar products and services have always been carefully crafted to deliver high quality experiences. Now, in order to reinvigorate the brand and add excitement to the industry, Adar has created new designs for today's elevated styling and support programs to help our network of partners grow.

Our product evolution focuses on contemporary fit and advanced fabrics that boast features like antimicrobial treatments, 4-way stretch, wicking properties, and more. We've also created a modern, clean, and aesthetically pleasing logo and web presence to facilitate a seamless online ordering process for retailers and consumers.

CONSUMERS EXPECT MORE

The market is shifting, so Adar is taking action to remain ahead of the curve. As the number of brands offering direct-to-consumer scrubs grows, so does the incorporation of elements from the everyday world of fashion.

Adar has responded to this trend with new garments to meet the ever-changing lives of nurses. We've thought about how they move throughout the day, switch seamlessly between professional and personal responsibilities, and connect with the world around them. Now, we're prepared to offer them more fashionable work wear at an accessible price point.

When a little bit extra makes all the difference, Addition matters.
An enhanced line of basics offering superior support and coverage with multi-stretch fabrics, anti-odor and antimicrobial finishes, enhanced pocketing, and more. Elevate your everyday.
