| <b>Asparagus</b> | <b>Martha Washington</b>      |    | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.10</div> | <p>This early variety produces large, thick spears. The heads are tight with a hint of purple on the tip. Rust resistant. Excellent for home or market gardens. Roots require 2 to 3 years to establish before harvesting spears.<br/>Approximate Seeds Per Gram - 43.<br/>Seeding Rate - 30 grams per 100 ft row or 2kg per acre.</p>  | <p><b>14 gr</b><br/><b>\$3.58</b></p>  | <p><b>28 gr</b><br/><b>\$5.45</b></p> | <p><b>113 gr</b><br/><b>\$13.76</b></p>        | <p><b>227 gr</b><br/><b>\$24.68</b></p>         | <p><b>1 lb</b><br/><b>\$44.42</b></p>            |
| <b>Bean</b>      | <b>Blue Lake Bush</b>         |    | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.50</div> | <p>55 days. Pods are stringless, straight, dark green and fully round to creased back. 12-15 cm (5-16") long, and carried well off the ground. Famous for flavour and yield over long seasons. Valuable crop for freezing, canning and home gardens. Seeds white; resistant to Common Bean Mosaic virus. Slow fibre and seed development.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p> | <p><b>227 gr</b><br/><b>\$2.68</b></p> | <p><b>1 lb</b><br/><b>\$3.73</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$2.48</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$2.05</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$1.65</b></p> |
| <b>Bean</b>      | <b>Blue Lake Pole</b>         |    | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.50</div> | <p>66 days. Plants 1.4 to 2 m (4.5-6") tall. Pods 15-18 cm (6-7") long, round, dark green and meaty. Stringless pods are excellent for canning and freezing. Heavy yielder is resistant to CBM 1. Seeds are white; great as shell beans.<br/>Approximate Seeds Per Gram-1-4.<br/>Seeding Rate - 300 to 500 grams per 100 ft row, or 25 kg per acre.</p>   | <p><b>227 gr</b><br/><b>\$3.86</b></p> | <p><b>1 lb</b><br/><b>\$5.31</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$3.39</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$2.84</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$2.31</b></p> |
| <b>Bean</b>      | <b>Golden Wax Improved</b>    |   | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.35</div> | <p>49 days. Plants 40-45 cm (16-18") high, upright, and compact. The 12 cm (5") golden yellow pods are long, thick, flat, straight and tender. Excellent home garden variety. Heavy yielding, stringless. Seeds white with brown eye.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p>   | <p><b>227 gr</b><br/><b>\$3.11</b></p> | <p><b>1 lb</b><br/><b>\$4.28</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$2.60</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$2.05</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$1.65</b></p> |
| <b>Bean</b>      | <b>Improved Broad Windsor</b> |  | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.50</div> | <p>70 days. Plants 60 to 70 cm (24 to 32"). A delicious bean with a flavour of its own. It has large, broad pods. The shelled bean are cooked like ordinary beans. Very hardy; should be planted early. Light brown seed.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p>   | <p><b>227 gr</b><br/><b>\$3.49</b></p> | <p><b>1 lb</b><br/><b>\$4.78</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$3.20</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$2.56</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$2.06</b></p> |
| <b>Bean</b>      | <b>Lima, Henderson (Bush)</b> |  | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.50</div> | <p>65 days. Plants 40 cm (16") tall. Pods are 8 cm (3") with 3-4 seeds. Excellent for freezing and canning. Seeds are small, white and flat. Very productive.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p>   | <p><b>227 gr</b><br/><b>\$2.66</b></p> | <p><b>1 lb</b><br/><b>\$3.69</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$2.21</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$1.78</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$1.42</b></p> |
| <b>Bean</b>      | <b>Pencil Pod Black Wax</b>   |  | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.35</div> | <p>52 days. Dwarf bush plants 35-40 cm (14-16"), upright and compact. Pods 13-15 cm (5.5-6") long, round and straight, golden yellow, stringless and slightly brittle. Heavy yielder, excellent for freezing. Seeds black - tolerates cooler soil for germination.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p>  | <p><b>227 gr</b><br/><b>\$3.11</b></p> | <p><b>1 lb</b><br/><b>\$4.28</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$3.04</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$2.05</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$1.65</b></p> |
| <b>Bean</b>      | <b>Romanette Bush</b>         |  | <div style="border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">Retail Packet Price<br/>\$1.50</div> | <p>60 days. Plants are 40 cm (16") tall bush. Distinctively flavoured green beans with wide stringless pods averaging 15 cm (6"). Very heavy yields. Tender meaty pods good for freezing and canning, and popular for roadside stands.<br/>Approximate Seeds Per Gram - 3 to 4.<br/>Seeding Rate - 700 to 900 grams per 100 ft row, or 25 to 40 kg per acre.</p>  | <p><b>227 gr</b><br/><b>\$3.15</b></p> | <p><b>1 lb</b><br/><b>\$4.94</b></p>  | <p><b>5 lbs (per lb)</b><br/><b>\$4.08</b></p> | <p><b>25 lbs (per lb)</b><br/><b>\$3.38</b></p> | <p><b>100 lbs (per lb)</b><br/><b>\$3.03</b></p> |

| <b>Carrot</b>      | <b>Nantes Scarlet Coreless</b> | 68 days. Our best seller. Roots 17 x 3 cm ( 6.5 x 1.25"). Tops are medium small, but strong enough for bunching. Roots near cylindrical, blunt ended. Very sweet with a smooth skin, and bright orange red flesh. Excellent for fresh eating, freezing and canning. Stores well.<br>Approximate Seeds Per Gram - 800.<br>Seeding Rate - 15 to 20 grams per 100 ft row, or 1.4 kg per acre.                 |                       |                        |                        |                       |                        |                        |                |                |                |                |                |                |

|----------|-------------------------------|--|----------------------------|----------------------------------|-----------------------------------|-----------------------------------|
| Corn     | Peaches & Cream               | 65 days from emergence. SE very early bi- colour sweet corn with above average quality. Produces strong seedlings and vigorous plants while also providing high ear placement and an exceptional 14-16 row count. Its large 21 cm x 5 cm (8.5" x 2") ears are packaged in dark green husks making this variety an attractive choice for gardeners looking for earliness and quality. Approximate Seeds Per Gram - 5 to 6. Seeding Rate - 100 grams per 100 ft row, or 3 kg per acre. |                            |                                  |                                   |                                   |

| Cucumber  | <b>Straight Eight</b>                | 65 days. A favorite white spine variety of highest quality. Dark green at shipping size, cylindrical, blunt ends. Fruit is best at 20 cm (8 x 2.5"). No striping, small seed area. For home and market gardens. Heavy yielder. Approximate Seeds Per Gram - 40 to 45. Seeding Rate - 30 grams per 100 ft row, or 1.8 kg per acre.   |                   |                       |                       |                       |
|           | Retail Packet Price<br>\$1.25        |   |                   |                       |                       |                       |
|           | <b>28 gr</b>                         | <b>113 gr</b>   | <b>227 gr</b>     | <b>1 lb</b>           | <b>5 lbs (per lb)</b> |                       |
|           | <b>\$2.80</b>                        | <b>\$6.25</b>   | <b>\$10.25</b>    | <b>\$16.85</b>        | <b>\$15.50</b>        |                       |
| Cucumber  | <b>Sweet Slice Hybrid</b>            | 62 days. Fruit 25-30 cm (10-12") long and 5 cm (2") in diameter with slightly tapered ends. Holds dark green colour well. It is a heavy producer over long seasons, making it ideal for commercial and market garden applications. Tolerant to almost all diseases. Digests easily, and great for people who can not eat ordinary cucumbers. Approximate Seeds Per Gram - 40 to 45. Seeding Rate - 30 grams per 100 ft row, or 1.8 kg per acre. |                   |                       |                       |                       |

| Endive    | <b>Broad Leaved Batavian</b>         | 85 days. Upright broad plants. Outer leaves are smooth, dark green and less susceptible to basal rot. Closely bunched centre leaves blanch to a nice creamy yellow.   |                   |                       |                       |                       |
|           | Retail Packet Price<br>\$1.35        |   |                   |                       |                       |                       |
|           | <b>28 gr</b>                         | <b>113 gr</b>   | <b>1 lb</b>       | <b>5 lbs (per lb)</b> |                       |                       |
|           | <b>\$2.95</b>                        | <b>\$5.85</b>   | <b>\$15.95</b>    | <b>\$14.70</b>        |                       |                       |
| Endive    | <b>Green Curled</b>                  | 95 days. A much improved large green curled variety. Up to 38 cm (15") in diameter. Outer leaves are dark green, deeply cut and fringed. The heart blanches to a creamy white, and is very sweet and tender. Store in a cool spot, binding the outer leaves to keep the centre white.   |                   |                       |                       |                       |
