January Message from Peter Moskaliuk, President of Hairsine Community

I hope everyone had a Merry Christmas and a Happy New Year. Our rink is now open when the weather is permitting and we are having a good turn out most nights. Thank you to the people who took the time to fill out our survey. The information that we will gather from the survey will help us to plan for the future. If you have anymore feedback please feel free to email them to hairsine@telus.net.

We will have activities planned for Family Day at Hairsine Community League hall and we hope you will be able to come out and enjoy them.

There is a company that is thinking about opening a liquor store where Blockbusters Video store was located. We would like your opinions on this subject. Please check our website for any updates regarding any public presentation for the liquor store approval. The work has started at Clareview Rec Centre and should be finished late 2014 or early 2015. It will be a good addition to our district and if you want to know what is being built or what it will look like please go to the city website www.edmonton.ca.

Delivery Notice for November 2011 Newsletter

Please accept our apologies if you did not receive the November 2011 Newsletter. We rely on volunteers to help us deliver the newsletters and a couple of areas were missed. This newsletter will have some duplicate information that is current.

If you are able to volunteer your time to help us deliver any future newsletters, please contact Glenda at 780-966-1874. We have area maps, we provide the newsletters already folded, and require about an hour or so of your time (depending on area you want to deliver to).

November Message from Peter Moskaliuk, President of Hairsine Community League

I would like to take this opportunity and thank all of the children and their families that participated in the ball and soccer programs this past summer. I hope that you all had enjoyed yourselves and will return for the next season.

A big thank you goes out to all of the directors and coaches for both programs, for all the work they put in to the sports to make them a huge a success!

The Green Shack Program, put on by the City of Edmonton, located at Hairsine and Kirkness parks was well attended this summer. The program was very successful that we are considering having the program run full time at both locations for next summer.

Community League Day on Sept 21, was well attended. I would like to thank all of the volunteers that came out to help prepare and make the day great! Thank you to all of the families

****Future Development of Former Blockbuster Movie Store**

On December 7, 2011, we had a meeting with representatives from Parioplan Inc and Calloway REIT attend our monthly meeting. The purpose of their attendance was to let us know that these two groups are working on having the old Blockbuster Movie Store, located on 137 Avenue and 42 Street by Wal-Mart, re-zoned to be a 5,000 sq ft liquor store. They informed us that they sent out approximately 200 letters to area residents that would be directly affected by the re-zoning. As the Hairsine Community encompasses a large area, the Executive Members realized that the 200 letters were not enough to inform the Community.

Our understanding is that the above mentioned groups will add an additional liquor store to our area, bringing the total to five (5) in a short distance from each other. As your Executive, we have given our answer as “No” to this redevelopment and informed the representatives we would prefer to see that store turned into a more community friendly development.

We have been informed that they are still applying to the City of Edmonton to have this location re-zoned. By law, they are to notify us with 20 business days as to the date of the application. We, as a Community, do have a say in what can be built in our area. Please access our website as we will be updating it with any information we receive. We have also included the letter that was sent out in November for your information.

2011/12 Survey

We have had volunteers doing a survey within the Hairsine Community, including Kirkness and we have received some great responses! The purpose of this survey is to understand what Community members are interested in seeing and doing through the Community League. As the Executive Committee, we are very interested in coming up with more programs and activities to get everyone more involved. We will have a copy of the survey posted on our website. Please take the time to provide us your feedback, as it really is important to us! www.hairsine.ca

There will be a follow up survey at the end of January 2012 to provide more detailed information about what the first survey found. We will be using the results of this survey to apply for a Government Grant to assist in providing programs, equipment, and facilities in our community, if successful.

We have put the survey on our website for all to view and respond. **ALL** community members are welcome to fill out the survey. So far, we have been able to confirm that more community spirit is being looked for. We want to work with you to provide this. Visit our website: www.hairsine.ca.
